Report contents:

Regarding current report no. 24/2024 of 2 August 2024, the Management Board of BEST S.A., having its registered office in Gdynia (**Company**), announces that the total costs of issuing series AC1 bonds (**Bonds**) amounted to PLN 780.4 thousand, including:

1. costs of preparing and implementing the offer: PLN 731.4 thousand
2. costs of promoting the offer: PLN 49.0 thousand.

The above costs will be accounted for in the calculation of the liability due to the Bonds and will be charged to financial expenses during the repayment period of the Bonds according to the amortised cost method, using the effective interest rate.

Due to the fact that the costs of preparing the issue prospectus, including the costs of consulting services, concern all bonds to be issued by the Company as part of the bond issue programme of up to PLN 250 million, the Company will publish information on the total amount of said costs in a separate current report following the final bond issue under the prospectus. These costs are charged to the Company's profit or loss when they are incurred.

The Company did not incur the costs of underwriters' fees because it did not conclude underwriting agreements in connection with the offering of the Bonds. The average subscription cost per Bond was PLN 3.12. The bonds were paid for in cash.

The Bonds were issued under a base prospectus approved by the Polish Financial Supervision Authority on 28 June 2024, which was drawn up by the Company in connection with a public bond issuance programme with a nominal value of up to PLN 250 million and based on the final terms of the issue of the Bonds published on 19 July 2024, as amended by Update No. 1 of 30 July 2024.
